

Warehouse Sale

One Day Only

November 13, 2010

10am - 2pm

Early Bird shopping 9am-10am with a \$5 donation!

This is a unique opportunity for you to shop in our warehouse for samples, seconds, and some overstock. Choose from works of apprentice weavers and baskets in need of some extra care due to slight shipping damage. The weavers of these baskets have already received their *Prosperity Wage* and reaped incredible benefits through their participation in the project. Now, The Blessing Basket Project must recover the cost of these baskets and clear valuable warehouse space to continue expanding opportunities for weavers in 2011. This means that these artisan works are available to you at great prices. Each of our baskets possess wonderful character and represents lives touched. So, please join us this holiday season as we *weave hope into the world one basket at a time.*
